# Spor-Trac

**Review environmental conditions and make changes
- it's all at your fingertips!**

Responsive Design

Responsive design adapts to all devices regardless of screen size. The interface will adjust size and layout to ensure a best fit user experience.

Web Browser Interface

The cloud interface allows the user to choose farm, tile or classic view for control units. Check room conditions and make changes.

Accessibility

Multiple users are able to view control data at the same time. Cloud based access maximizes accessibility and collaboration.

Integration of KPI's

Spor-Trac populates all of your important environmental metrics into one place where you can analyze, understand and change.

Supports all device platforms including iOS, Android and Windows

**Spor-Trac is the remote software interface for your Techmark control systems.
